The South African Local Government Association (SALGA) is a public entity established by the Organised Local Government Act (Act 52 of 1997) to assist in the comprehensive transformation of local government in South Africa. SALGA is managed within the framework of the Public Finance Management Act (Act 1 of 1999) and is listed as a schedule 3A public entity. Its main objectives are to:

- Enhance the role and status of municipalities;
- Be recognised by national and provincial governments to be the representative and consultative body in respect of all matters concerning local government and to make representations to both provincial and national governments in respect of any matter concerning local government;
- Ensure the full participation of women in organised local government;

2. SALGA MANDATE

Developmental Local Government is an essential component of the machinery of government. In accordance with its constitutional mandate, SALGA is obliged to transform the local government sector to one that has the required capacity to make a meaningful contribution to poverty alleviation, economic development and all socio-economic opportunities that the state has geared itself to provide for its people. SALGA also serves as the representative voice of all 257 municipalities in the country. For the past 20 years, since its establishment, SALGA has endeavoured to bring focus to its mandate of supporting local government transformation in a complex environment, characterised by a highly diverse and diffuse membership-base of municipalities. In terms of its amended Constitution, SALGA is a unitary body that consists of a national association and nine provincial offices. Its mandate rests on six primary pillars:

- (1) **Representation, Advocacy and Lobbying** refers to representing the interests of members in legislatures and other policy making and oversight structures. It also refers to engaging with various stakeholders, public debates etc. in the interest of Local Government.
- (2) **Employer Body** refers to being an effective employer representative for members. Employer representation is carried out through collective bargaining (in terms of the Labour Relations Act) in various structures including but not limited to those established in the South African Local Government Bargaining Council.
- (3) **Capacity Building** refers to facilitating capacity building initiatives through among others; representing member interests in the Local Government Sector Education Authority (LGSETA). SALGA strives to facilitate a coherent, well-co-ordinated capacity building programme for municipal councillors and officials.

- (4) **Support and Advice** refers to the provision of tools and services that enable municipalities to understand and interpret trends, policies and legislation affecting Local Government and to implement the said policies and plans
- (5) **Strategic Profiling** of Local Government refers to enhancing the profile and image of local government as an important and credible agent for the delivery of services. Profiling focuses within South Africa, the African continent and the rest of the world.
- (6) **Knowledge and Information Sharing** refers to building and sharing a comprehensive hub of Local Government knowledge and intelligence that will enable informed delivery of other SALGA mandates. The knowledge hub is also a useful reference point for all who seek Local Government information.

Diagrammatically the mandate is depicted as follows:

3. PURPOSE OF THIS REQUEST

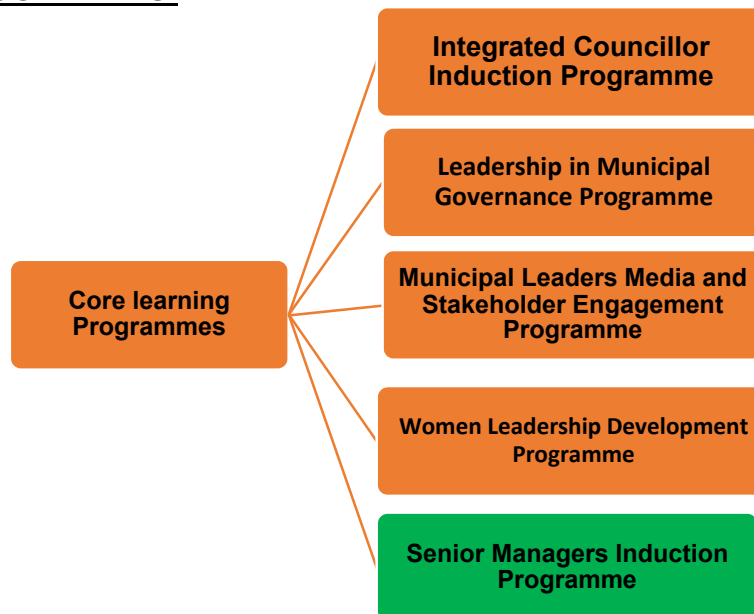

The purpose of this document is to call for proposals from suitable, knowledgeable and competent service providers/practitioners in the Local Government labour relations environment to assist the South African Local Government Association (SALGA) to develop a formalised Local Labour Forum training programme for Employer Representatives. The service provider/practitioner must also demonstrate competence and knowledge of the skills development environment including but not limited to materials development, programme conceptualisation and customisation, train the trainer conceptualisation and delivery.

The materials development output for this programme must include a learner guide, a facilitator guide, a powerpoint presentation and the development of project related templates applicable to project management standards of programme implementation, monitoring and evaluation).

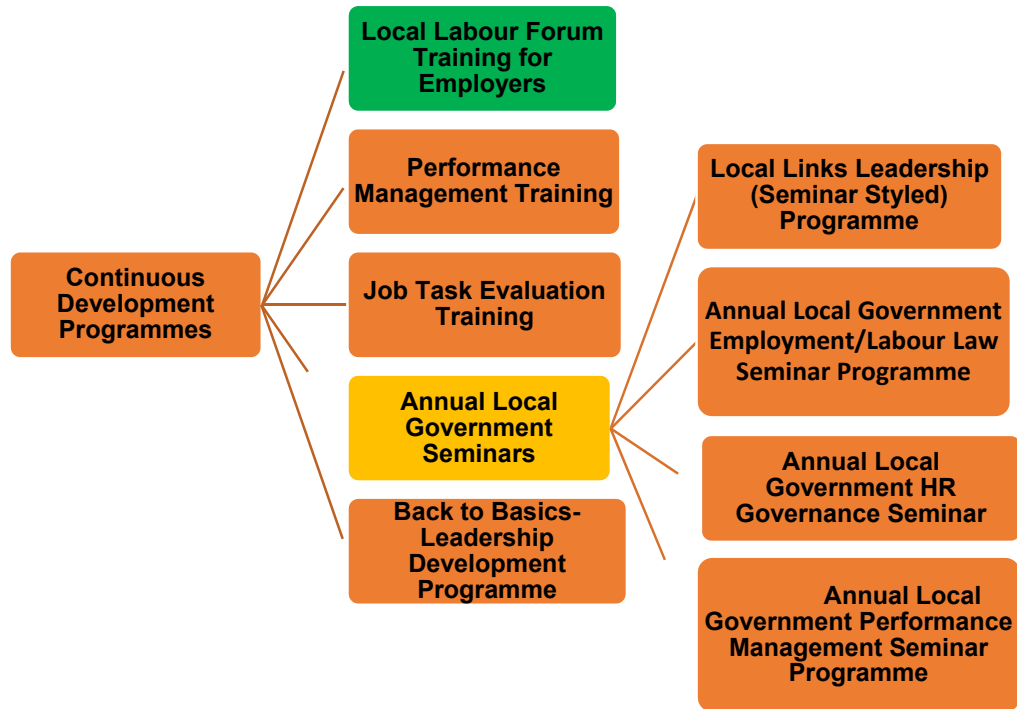

4. BACKGROUND AND PROGRAMME IMPLEMENTATION CONTEXT

The Local Government Capacity Building Funding Plan 2017/18 -2020/21 which was submitted to the LGSETA provides for, amongst others; the implementation of continuous development programmes under the auspices of the SCLG as outlined in the diagram below:

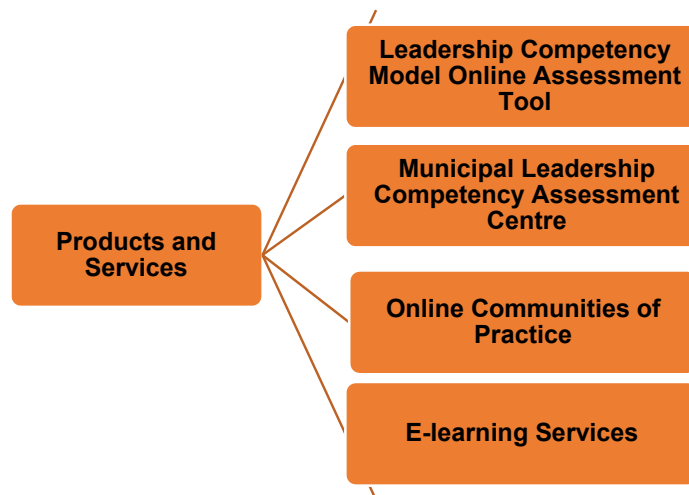

▪ **CORE PROGRAMMES:**

▪ **CONTINUOUS DEVELOPMENT PROGRAMMES:**

▪ **PRODUCTS AND SERVICES:**

Section 23 of the Constitution of the Republic of South Africa, Act 108 of 1996, lays the basis for good labour relations and collective bargaining. The Labour Relations Act, 66 of 1995 (hereafter referred to as the Act) prescribe how this constitutional mandate can be achieved. The primary purpose of the Act was to change the law governing labour relations with specific focus on, amongst other things, promoting and

facilitating collective bargaining at the workplace and at sectoral level. This resulted in the establishment of the Sectoral bargaining Councils, as provided for in Section 27 of the Act. Local Government as a sector was no exception. Prior to the Labour Relations dispensation, there were a lot of disparities in terms of the representation of stakeholders in labour relations structures. According to the Constitution of the South African Local Government Bargaining Council (SALGBC), an interim structure called the National Labour Relations Forum (NLRF) was established to ensure that all trade unions and employer organizations participated under one single institution. This forum was responsible for the transformation of the labour relations environment in local government.

Each year the South African Employment/labour law environment undergoes shifts informed by changes in labour legislation, judicial precedents/ case law and sector based labour relations practices such as collective bargaining outcomes ,dispute settlements and the significance of a stable or lack thereof of a labour relations environment to the achievement of organisational goals and objectives. This reality is no different to the local government sector.

The Local Labour Forum Training Programme for Employer Representatives is targeted at Councillors and senior municipal officials appointed by Municipal Councils as employer representatives in the local labour forums. The programme aims to capacitate employer representatives in the LLF with the necessary skills and knowledge to understand:

- a) The mandate and structure of the LLF and how employer. Representatives can drive the IDP/strategic objectives of the municipality.
- b) The contribution of the LLF towards improved governance and labour peace and stability.
- c) Utilising the LLF as a vehicle for institutionalizing the service charter/accord.
- d) Utilising the LLF as a vehicle for institutionalizing minimum service agreements (MSAs) for designated essential services.
- e) Collective Bargaining for local matters delegated to the LLF by the organizational rights agreement
- f) Using the LLF as a vehicle for enhancing relationship building between employer and organized labour at a local level.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
