**DATE :** 18 JUNE 2024

### **NOT FOR IMPLEMENTATION – FOR INFORMATION RECOMMENDATIONS PERTAINING TO THE DETERMINATION OF UPPER LIMITS OF SALARIES, ALLOWANCES AND BENEFITS OF COUNCILLORS**

---

#### **1. PURPOSE OF THIS CIRCULAR**

To provide an update on the Remuneration of Public Office Bearers Annual Remuneration Recommendations for 2023/2024 and 2024/2025 financial years respectively, in line with Government Gazette dated, 16 May 2024, issued by the Independent Commission (See attachment).

#### **2. BACKGROUND**

The statutory prescribed process for the determination of the salaries, benefits and allowances of councillors provides that the following processes must be followed: -

1. The Independent Commission for Remuneration of Public Office Bearers (the Commission) makes recommendations concerning the salaries, allowances and benefits of all public office bearers;
2. The Minister for Co-operative Governance and Traditional Affairs will determine the Upper Limits of salaries and allowances by promulgation in the Government Gazette. In doing so, the Minister issues a draft Notice to MECs for local government in the provinces, Treasury and SALGA for comments. Comments so received informs the Minister's final determination, where after the Minister publishes the annual determinations of the upper limits of Municipal Councillor remuneration levels;

3. Following promulgation of the Upper Limits Notice, municipal councils are required to consider a report on the upper limits and resolve on the levels of remuneration applicable in that municipality. This consideration must occur with regard to the financial year within which the payments will have to be made, and the affordability thereof for municipalities. This implies that the budget for the year in question must reflect the liability to pay the level of remuneration determined by the council and this must in turn be cash funded.
4. Following the Council resolution, it is necessary (prior to implementation) to consult with the MEC responsible for Local Government in the respective provinces, motivating the affordability and demonstrating that the liability has been budgeted for, and obtaining concurrence with such a resolution.

On the 16th of May 2024, the Commission published its Annual Remuneration Recommendations for all public office bearers (including councillors). The local government relevant recommendation is **an annual increase of 3% and 2,5% cost of living adjustment for the 2023/24 and 2024/25 financial years respectively.**

In light of this, it should be noted that in the Commission's consultation with the Minister of Cooperative Governance and Tradition Affairs, the Minister proposed a CPI linked increase for councillors. The late issuance of the recommendation by the Commission continues to be a significant concern to SALGA and its members.

In addition, hereto, the Commission specifically states that issues raised during the review of salaries, allowances and benefits of POBs will be addressed by the major remuneration reviews that have been conducted and concluded.

Engagements between SALGA and COGTA on the development of the draft Upper Limits Notices for the 2023/24 and 2024/25 financial years are ongoing.

Kindly further note that this Circular is for noting and **NOT FOR IMPLEMENTATION** by municipalities. Implementation may only proceed once the Final Notice has been published by the Minister.

Yours faithfully,

**LANCE JOEL**  
**CHIEF EXECUTIVE OFFICER (ACTING)**

**INDEPENDENT COMMISSION FOR THE REMUNERATION OF PUBLIC OFFICE BEARERS**

---

**EXPLANATORY MEMORANDUM FOR ANNUAL REMUNERATION RECOMMENDATIONS  
FOR 2023/2024 AND 2024/2025****INTRODUCTION**

1. In terms of sections 219(1), (2) and (5) of the Constitution, read together with sections 8(4) and (5) of the Independent Commission for the Remuneration of Public Office-Bearers Act, 1997 (Act No 92 of 1997) (Commission Act), the Commission is mandated to make annual recommendations relating to the salaries and/or the upper limits of the salaries, allowances, benefits, and the resources required by defined public office-bearers (POBs), to enable them to perform their respective duties effectively.
2. This explanatory memorandum sets out the Commission's recommendations on the remuneration of POBs for the 2023/2024 and 2024/2025 financial years.
3. In arriving at the annual remuneration recommendations for 2023/2024 and 2024/2025, the Commission considered the following:
  - Statutory and stakeholder consultations for 2023/2024;
  - Section 8(6) of the Commission Act;
  - Various economic factors including: Fiscal affordability, historic inflation, future inflation forecasts, wage settlement data, the Commission's prior recommendations;
  - The President's determinations for 2022/2023;
  - Average annual wage increment; and
  - The pending pronouncement of the Major Review Report of Remuneration of POBs.

## STATUTORY AND STAKEHOLDER CONSULTATIONS

4. In terms of various applicable legislation, the Determination of Remuneration of Office-Bearers of Independent Constitutional Institutions Laws Amendment Act (Act 22 of 2014) (the ICI Act) and the provisions of section 12 of the Magistrates Act, (Act 90 of 1993), the Commission is required to consult with the Minister of Justice and Correctional Services, the Minister of Finance and the Chief Justice or a person designated by him, prior to the recommendations being submitted to the President, Parliament, and publication thereof.
5. In addition to the statutory consultations, the Commission considered inputs from stakeholder consultations with the Minister of Cooperative Governance and Traditional Affairs, Minister of Home Affairs, Heads of Courts and Lower Courts Remuneration Committee.
6. On 06 March 2024, the Commission forwarded its draft recommendations to above mentioned stakeholders seeking their views before finalization of its recommendations in this regard. It was requested that inputs must be provided to the Commission by 18 March 2024.
7. The written responses were received from the following stakeholders:

Stakeholders	Date
Lower Courts Remuneration Committee	20 March 2024
Minister of Justice and Correctional Services	27 March 2024
Minister of Cogta	25 April 2024
Minister of Finance	09 May 2024

Commissioners: Judge MM Leeuw (Chairperson); Mr. MP Tjie (Deputy Chairperson); Prof I Mosala, Mr. L Mulaudzi; Dr NZ Qunta and Mr. S Roopa; Ms. JM Maisela; Dr. C Nwaila  
 Head of Secretariat: PM Makapan

8. The summary of stakeholders' feedback is provided below:

**The response from the Lower Courts Remuneration Committee**

9. A detailed response was received from the Lower Courts Remuneration Committee (LCRC), which submissions relate to both the major review and the annual adjustments. For the purposes of this document, only the submissions pertaining to the annual adjustments will be summarized.
10. The LCRC is of the view that the headline (CPI) inflation figures should be the point of departure and that the time period for these calculation should be consistently applied. The LCRC's recommended that the Commission's recommendations should be at a rate of no less than 7.5 per cent for 2023/4 and 5.3+1 per cent for the 2024/5 year.

**The response from the Minister of Justice and Correctional Services**

11. The recommendations of the Commission were noted. However, the Minister raised a concern about the late submission and the delay of the Commission's recommendations and requirement in the Acts regulating remuneration of the judiciary and State Institutions supporting constitutional democracy. The Minister supports the 3 per cent increase for 2023/2024 and 2.5 per cent for 2024/2024.

**The response from the Minister of Cogta**

12. The Minister proposes the CPI increase for 2023/24 and 2024/25 financial years for local government POBs in an endeavor to mitigate the impact of inflation on the socio-economic needs of councillors.

**The response from the Minister of Finance**

13. The Minister of Finance made reference to the country's state of economy and budgetary challenges communicated in the 2023 Medium Term Budget Policy State and the Budget Speech tabled on 21 February 2024.

---

Commissioners: Judge MM Leeuw (Chairperson); Mr. MP Tjie (Deputy Chairperson); Prof I Mosala, Mr. L Mulaudzi;  
Dr NZ Qunta and Mr. S Roopa; Ms. JM Maisela; Dr. C Nwaila  
Head of Secretariat: PM Makapan

14. Notwithstanding the current economic challenges, the Minister supports the Commission's recommendations for a 3 per cent and 2.5 per cent cost-of-living adjustment for all categories of public office bearers for the financial year 2023/2024; and financial year 2024/2025 respectively.
15. The Minister of Finance further recommend that a 4.7 per cent cost-of-living adjustment for senior managers in 2024/25 proposed by the Minister of Public Service and Administration be aligned to the cost-of-living adjustment for the Magistrates.

#### **SECTION 8(6) OF THE COMMISSION ACT**

16. Section 8(6) of the Commission Act provides that the Commission take into account the role, status, duties, functions and responsibilities of the POBs concerned when making its recommendations.

#### **Affordability**

17. The Minister of Finance (Minister), in the Budget Review of 21 February 2024, indicated that the medium-term outlook has improved marginally, with average growth of 1.6 per cent forecast, compared with 1.4 per cent at the time of the 2023 Medium Term Budget Policy Statement (MTBPS).
18. South Africa's 2023 GDP growth estimate has been revised down to 0.6 per cent due to widespread power cuts, operational and maintenance failures in freight rail and at ports, and high living costs.
19. The Minister mentioned South Africa has experienced over a decade of weak economic growth. GDP growth has averaged only 0.8 per cent annually since 2012, entrenching high levels of unemployment and poverty.

20. The Minister also indicated that over the 2024 MTEF period, 60.2 per cent of consolidated non-interest spending goes to the social wage. The 2024 Budget reverses some of the spending reductions announced in the 2023 MTBPS by adding R57.6 billion to expenditure over the medium term, mainly to cover the costs of the 2023 public-service wage agreement.
21. Non-interest expenditure decreased by a net R6 billion, mainly as a result of the proposed reductions to baselines, as well as declared unspent funds, projected underspending, drawdowns of the contingency reserve and provisional allocations not assigned to votes. Funds are provided for the 2023/24 wage increase in labour-intensive departments.
22. The Minister further indicated that spending additions of R251.3 billion, mainly for the carry-through costs of the 2023/24 wage increase and wage bill pressures in labour-intensive departments, including basic education, health and police.

### **Public Service remuneration levels**

#### Senior Management Services (SMS) and other Public Service Employees

23. The Minister of Public Service and Administration in the Budget Vote of 16 May 2023 indicated that the Department of Public Service and Administration (DPSA) budget allocation for the 2023/24 financial year is five hundred and fifty-three million, four hundred and sixty thousand rands (R553, 460 m) which is an increase of 1% from the final allocation for the 2022/23 financial year.
24. It is also indicated that compensation of public service employees constitutes three hundred million rands (R300 m) or 54% of the total budget allocation.
25. The DPSA determined two distinctive types of benefits for members of Senior Management Service (SMS) and employees on salary levels 1 – 12, employees covered by occupation specific dispensation (OSD) as well as all members of the SMS on equivalent levels namely:

- Translation of the current non-pensionable cash allowance into a pensionable salary, estimated at an average of four-point two percent (4.2%) with effect from 1 April 2023; and
- An additional three-point three percent (3.3%) pensionable salary adjustment to all employees on salary levels 1 – 12 employed in the public service with effect from 1 April 2023.

## **Inflation**

26. In order to determine an appropriate level of inflation to be used as a starting point on which to consider any cost of living adjustments, the Commission considered the following:

### South African Reserve Bank (SARB)

27. The Monetary Policy Committee (MPC) statement of 25 January 2024 indicated that the domestic GDP outcome for the third quarter of 2023 was weaker than expected, at a negative 0.2%. The fourth quarter is expected to show some improvement, with output expanding by 0.4%.

28. The weaker performance of the economy in the latter half of 2023 is in line with the Bank's forecast. For 2023 as a whole, GDP growth is revised down slightly to 0.6% from the November figure of 0.8%. The GDP growth forecast for 2024 and 2025 is unchanged from the previous meeting, at 1.2% and 1.3%, respectively.

29. Core inflation was 4.9% in 2023. The core inflation forecast for 2024 and 2025 is little changed at 4.6%, and 4.5% in 2026.

### National Treasury and South Africa's big banks

30. Headline inflation is projected to moderate from 6 per cent in 2023 to 4.9 per cent in 2024 and 4.6 per cent in 2025 as food and fuel inflation continue to decline.

Commissioners: Judge MM Leeuw (Chairperson); Mr. MP Tjje (Deputy Chairperson); Prof I Mosala, Mr. L Mulaudzi;  
Dr NZ Qunta and Mr. S Roopa; Ms. JM Maisela; Dr. C Nwaila  
Head of Secretariat: PM Makapan

7

In 2023, food inflation slowed less than expected due to power cuts and rand depreciation, keeping imported food costs high.

31. The average forecasts for South Africa's big banks indicate forecast inflation to average 5.2% in 2024 while National Treasury had forecast inflation to average 4.9% in 2024.

Bureau for Economic Research (BER) – University of Stellenbosch

32. According to the BER Economic prospects report 2024Q1, CPI is forecast to average 5.0% in 2024 and 4.6% in 2025 (compared to the previous forecast of 5.2% and 4.5%, respectively).

Headline Inflation and Commission's base cost of living adjustment

33. While there may be a motivation for the fact that inflation affects individuals in different ways, Headline Inflation as measured by the change in the Consumer Price Index remains a sensible measure on which to base cost of living adjustments.

34. Year-on-year the Statistics SA Headline Inflation from January 2023 to April 2023 has averaged at 7.0%.

**Available resources**

35. The Minister in the MTBPS speech of 26 October 2022 mentioned that over the medium term, 59.2 per cent of consolidated non-interest spending goes to the social wage (combined public spending on health, education, housing, social protection, transport, employment and local amenities).

36. Compared with the 2022 Budget, the expenditure ceiling has increased by R51.7 billion in 2023/24 and R57.8 billion in 2024/25. The national and provincial government compensation ceilings increase by R43.6 billion over the 2023 MTEF period mainly to address spending and demand pressures in health, education, police and defence. 2023/24, additional allocations amount to R11.7 billion. This amount excludes wage increases in 2023/24 as the next wage negotiation process has not begun.

37. Major short- to medium-term risks to the outlook include the national and provincial government compensation ceilings increase by R43.6 billion over the 2023 MTEF period mainly to address spending and demand pressures in health, education, police and defence. In 2023/24, additional allocations amount to R11.7 billion. This amount excludes wage increases in 2023/24 as the next wage negotiation process has not begun.

38. Policy decisions are still required to keep compensation spending in line with resources over the longer term.

39. The table below shows the Commission's budget analysis

**ANNUAL REMUNERATION RECOMMENDATIONS FOR 2023/2024 AND 2024/2025**

41. The Commission in its current work on the major review acknowledged a number of significant issues that would need to be taken into consideration in bringing equity and fairness in the POB remuneration. Amongst them being their roles and responsibilities, the effects of inflation and the potential disparity in remuneration across public office bearers.
42. The Commission is at the final phase of finalizing its major review of remuneration of public office bearers. The Commission considered that implementation of the total structural changes are not possible in the current economic climate and fiscus constraints. These will require consideration by institutional like National Treasury and The President's acceptance of the recommendations.
43. In order to provide relevant institutions with sufficient time to consider future implementation of the next review report, the Commission agreed that an adjustment for cost of living increase be recommended in the interim for the two periods, (2023/2024 and 2024/2025). Covering the two periods will prevent the continuation of the time lag on the current remunerations.
44. The Commission has considered the fiscal condition of the State demonstrated in the previous financial years i.e. 2022/2023, the State's wage bill, the impact of POBs' salary increment on the fiscus, previous President's determinations and general economic status of the country.
45. After considering the relevant legislation and factors mentioned above, the Commission is recommending a 3% annual increase for the 2023/2024 financial year and a 2.5% annual remuneration adjustment for the year 2024/2025 for all categories of POBs.
46. The effective date for the adjustment of the salary of POBs is 01 April 2023 and 01 April 2024 with the exception of the local government POBs, which is with effect from 01 July 2023 and 01 July 2024. The effective date is aligned with the financial year of POBs' institutions.
